Application No. 09/302,816  
Filed: March 31, 1998  
Attorney Docket No. ENZ-52(C)

ON PETITION

This is a decision on the petition under 37 CFR 1.137(b), filed November 13, 2002, to revive the above-identified application.

The petition is **GRANTED**.

The above-identified application became abandoned for failure to reply in a timely manner to the non-final Office action mailed August 9, 2001, which set a shortened statutory period for reply of three months. No extensions of time under the provisions of 37 CFR 1.136(a) have been obtained. Accordingly, the application became abandoned on November 10, 2001.

37 CFR 1.137(c) requires a terminal disclaimer dedicating to the public a terminal part of the term of any patent granted on the above-identified application or any patent granted on any continuing application that contains a specific reference under 35 U.S.C. 120, 121, or 365(c) to the above-identified application. Since the application is a utility or plant application filed before June 8, 1995, a terminal disclaimer is not required. Accordingly, the terminal disclaimer filed with the instant petition is unnecessary. Therefore, the fee of \$55 will be refunded to petitioner in due course.

The application is being forwarded to Technology Center AU 1634 for further processing.
